AFFER the nomination of Mr. Barnes for Re-order, a young Democrat was discanting on his good qualities, among which it was claimed he had been a "War Democrat." An old peace-Democrat who was listening, remarked that he lidn't take much stock in that kind of Democrate during the war, and he didn't think he would now. Another one said he didn't like to vote for a man who had voted and fought for the Republican party all through the war, and then turned over to the Democratic party merely to get a pitiful county office.

nating committee was made to the Convention on Saturday last, and all the regular business had been concluded, a resolution was in-troduced instructing the delegates to the Congressional Convention to present the name of R. E. Chambers, as the choice of Belmont County, and to stick to him as long as there was any chance to secure his nomination. This sharp dodge took all hands by surprise, and before the friends of Clark, Swaney, Umstead and Alexander could recover from their surprise, the vote was taken and by a few voters carried, no one having the courage to vote against it. THE Democratic Convention on Saturday was pretty well attended, but in point of Spirit and enthusiasm it was the tamest Convention we ever saw in the county. The eighteen candidates for Sheriff, with their special friends, made some little stir among the dry-bones of the Convention, which was composed of the "old stagers" that during the war used to meet to mourn over Union victories and rejoice at the success of the Jeff, Davis conspiracy-the real Vallandigham-Pendletonian-State Hights Demo-cracy—the clique candidates were generally nominated, and, at the close of the Convention we heard more cursing and predictions of Repub-lican success than at the close of any previous candidates, but many of the old meh of the party, and those who have heretofore done active sersheriff, that it could be proved that Hays had done what he could to defeat the election of done what he could to defeat the election of thing for the party, while those who had borne the heat and burden of previous contests were the heat and burden of previous contests were unceremoniously slaughtered and set aside. POLITICAL ITEMS.

Returns from all the counties but two in Mis-sissippi give a Democratic majority of 11,400. In Detroit the Democrats have had suprem municipal control for seven years, and have in-creased the taxes from \$192,922, under Republi-can administration, to \$484,168.

The walls of Tammany Hall are ornamented with the seals of the States. The N. Y. Post re-ports the seal of West Virginia as non est, and in-quires what the omission means. The Vermont Republican State Convention has renominated the present State officials.—Last year they were elected by over 23,000 majority. They talk of doing better this year. The XIVih Constitutional Amendment has been ratified by the States of Arkansas, Florida, Louislana, and North Carolina and Georgia and south Carolina will do the same during the cur-

The Republicans of Michigan have nominated the Hon. H. P. Haldwin of Detroit for Governor, Morgan Bates for Lieut. Governor, and Dwight May for Attorney General. All the other State officers were renominated. The majority for Gov. Crapo in 1866 was nearly 30,000.

The North Carolina Legislature having harmoniously organized last Thursday, both Houses adopted the 14th Amendment to the Constitution of the United States. The Senate of Louislana has also adopted the amendment. The lower branch did the same thing on Thursday.

now he wants to pay off the deot with these "vagabonds." Certainly it is a vagabond proposition.

The Washington correspondent of the Detroit Tribune writes: "The object of the present movement against McCulloch is to gain sole possession of the Treasury for the benefit of the Democratic party during the Presidential campaign. That is why the National Intelligencer is so fierce in its denunciations of McCulloch."

The Cincinnaté West and South, a Democratic organ, gives in a nutshell the Pondieton scheme of paying the bondheiders by debasing the currency of the people, as follows: "All political economists agree that every arbitrary increase in the amount of ourrency is at the expense of the value of this forced circulating medium.—Resting upon this admitted truth, we ask, is it right and proper to disturb three dollars' worth of private wealth, with a view of adjusting one dollars' worth of a financial problem? Why, for the purpose of paying \$2,00,000,000 of a public debt, disturb the pecuniarity relations of \$7,000,000,000 of a private indebtodness, and carry mischief into \$6,000,000,000 of the annual transactions of trade?"

At Detroit General Howard said, when speaking in behalf of the Grand Army of the Republic: "We fought in the war fur right, and we essent forget it. We fought sure that spirit. We fought for principle, and that principle must be maintained, flygones cannot be bygones. Liberty must be guarded with jealous care." The speaker alluded to the Preedman's Bureau, which was so unopoular at the South, when it was placed in his charge. He said that "its details had been in the hands of tried and true and honest men. The colored people are rising, and God bless and help them rise. He is not a true soldier who would place his heet open any man because he is poor or because his skin is black."

The following list will show the status of certain prominent members of the so-called Na-

his heel upon any man because he is poor or because his skin is black."

The following list will show the status of certain prominent mambers of the so-called National Democratic Convention: B. H. Hill, delegate from Georgia, was in the Rebei Congress with Herschell V. Johnson, in 1801; and was elected again in 1881 to serve four years; R. Barnweil Rhett was a Sepator from South Carolina when that State passed the ordinance of secession. In the Robel House of Representatives the following named gentlemen figured; all of them prominent members of the Convention which is to be held in Tammany Hall today; A. H. Gariand, of Arkansas; E. Barkadale, of Missisalppi; W. Smith, of North Carolina; Thomas S. Bocock, of Virginia; W. M. L. Romham, of South Carolina; Wade Hampton, of South Carolina; Ang. R. Wright, of Georgie; W. B. Machen, of Kentucky; J. F. Goode, Jr., of Virginia.—N. Y. Tribane, July 4th.

Hon. John A. Bingham was nominated for Congress, by acciamation. In the Sixteenth District of Ohio, on Thursday last. Accepting the trust, he set forth in a two hour's speech the issue on which he should ask for the support of the people, giving great prominence to the reconstruction policy of Congress.—His constituents declare that they will give him more votes than ever before. They may be proud of him, for Judge Blingham has maturely ripened into one of the formost statesmen of the republic. No State, East or West, is represented by a member more radical in his convictions, more spotless in his public and private record, or more sagacious and practical in his counsels.—[Pittsburgh Gazette.

A NCBLE NEGRO.—A colored man in Richmond, Va., John Dabney by name, purchased his freedom from his mistress just before the war for \$2,000, agreeing to pay the amount by instalments. During the pendency of the struggle he paid about one-haif of it in Confederate currency, which was at last so depreciated in value that his late mistress requested him to discontinue the payments until the close of the conflict. When slavery was abolished the debt was of course no longer due; but, notwithstanding he was advised against such a course, Dabney lately transmitted to his old mistress now in indigent circumstances, \$600 in greenbacks, the balance of the \$2,000 he had contracted to pay.

Affairs in North Carolina. A telegram from General Canby, dated the 3d, to General Grant, says the constitutional amendment was ratified by the Legislature of North Carolina.—Yesterday and this morning the following instructions were sent to the commanding officer in that State: "You will abstain from the exercise of any authority under the reconstruction laws. thority under the reconstruction laws, except so far as may be necessary to clear up any unfinished business, and you will not interfere in civil matters, unless will not interfere in civil matters, unless the execution of the law of June 25, 1868, should be obstructed by unlawful or for-cible opposition to the inauguration of the new State Government. Detailed instructions and orders will be sent to you in a day or two. This, of course, will not interfere with any action in case of insurrection or other disorder beyond the control of the civil authorities. In all cases report your action at once, using the telegraph when the urgency of the case may require it."

DEATH OF MR. GEORGE PATTON. Action of the Order of Good Templars,

WHEREAS, we are called to mourn the loss of one who took upon himself the obligations of our Order, and who "kept those yows sacred to the end of life."

Our Worthy Brother Geo. PATTON, whose spirit in response to the summons of the Great "I Am," has winged it way into the presence of Omnipotence to de His bidding. Therefore be the Resulted:

Ist, That we as a Lodge have suffered a be-reavement in the denise of our Brother,—although a few months a member, he exhibited a zeal for the cause—an adherance to its principles; a strict observance of its obligations; and an ardant desire for the Great Temperance Reform. Which was not only a credit to himself but a credit to our Lodge. By his death we are made to know, that He who gives the vigor of body, without warning paralyzes the stout heart, strikes sown the athletic form.

Pietsburgh Produce Market.

From the Pittsburgh Gazette, July 5.

The commercial situation remains about the same as we have reported during the past week. When we say that trade is very dull it does not convey an idea of how stagnant it is. Throughout the channels of commerce, there appears to be a general want of confidence in the stability of values, which has a more depressing effect on business, and which time only can dispel.—Flour and wheat are heavy, and a tendency to a lower range of prices is evident. We quote wholesale prices as follows:

GRAIN—New wheat is coming in freely to the mills, and can be quoted at \$2 20 to \$2 40 \$ hash. delivered here from Tennessee, and Northern Alabama. Old red winter wheat sells allowly at \$2 20 to \$2 2 \$ bushel. There is more demand for ear corn, and we quote at \$1 60 to \$1 68 \$ bus. from elevator, and cars. Shelled corn sold at \$1 00 \$2 bushel. In the city a small lot of rye delivered sold at \$1 80 \$2 bushel, and two cars to distillary on the Monongahela, per steamer Active, shipper paying freight, at \$1 80 per bushel. From store we note sales of oats at \$6. Large dealers are well supplied, and are only offering 70 to 72 \$2 bushel. No barley offering.

Froux—The market was moderately active, considering the holiday just past. We notice new buyers coming in now for supplies. We quote choice winter wheat fancy brands \$12 00, choice red winter \$1 to \$11 50; choice bronds spring wheat flour, put on the market, \$10 25 to \$10 50 \$0 and medium grades \$5 50 to \$10 00 \$ bbl. Rye flour we quote at \$7 5 \$ burrel.

Provisions—Bacon, with the exception of sugar cured hams, for which there is an improved demand, is dull and a little weak at 13% to 139c for shoulders; lide to 18 for ribbed and clear sides, and 195c for canvassed sugar cured hams. Lard 17% to 175c, for prime kettle rendered. Dried beef, 21 to 22c. Mess Pork, \$2 75.

BUTTER—Is dull and unchanged; good prime fresh packed 25 to 27c.

Eggs—Cannot fairly be quoted above 20c to 21o notwithstanding the arrivals are rather l
